

FOUR NEW ADDITIONS TO ROAR ABOUT

BRECO® has introduced four Polyurethane Timing, Conveying and Indexing Belt ranges with features to keep you moving.

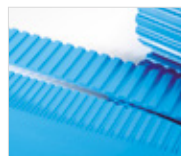

1: Saving money

BRECObasic®

Alternative, low-cost timing belts that have been especially designed for standard applications in transport technology.

3: Ensuring Hygiene

BRECOprotect®

The perfect choice for strict requirements associated with contact with food.

2: Protecting the Planet

BRECOgreen®

A range of timing belts that offer an eco-friendly alternative, without compromising on performance.

4: Delivering Power

BRECOMove® and BRECOFLEXmove®

Specifically designed for high-performance drives and traction drives with a particularly high stiffness requirement.

BRECO® Keeps You Moving
